

Chaguanas — AI4SIDS Flood Reference (Populated)

Municipal DMU & Contacts

- DMU Hotline: **800-DCBC (3222)**.
- DMU email: **ChaguanasDMU1@gmail.com**.
- Municipal office: **154–164 Chaguanas Main Road, Chaguanas. Shelters (official lists)**
- Designated shelters are typically schools, community centres and regional complexes. Shelters are activated only as needed — confirm activation with the DMU. For the official master shelter list see ODPM / Master Shelter List.

Primary Health Facility

- **Chaguanas District Health Facility** — Main Road & Galt St., Chaguanas. Phone: **(868) 672-4734 / (868) 665-1166**.

Local historical note

- Chaguanas was among municipalities affected by the heavy rainfall and floods in October 2018 (nationwide event with widespread shelter activations and displacement). See ReliefWeb / Newsday reports for operational details.

Operational guidance / evacuation

- Evacuation routes are set by municipal DMU and police during activation — move to higher ground, avoid driving through floodwater, follow DMU instructions. For route mapping, validate with the DMU hotline above.

Couva — AI4SIDS Flood Reference (Populated)

Municipal DMU & Contacts

- DMU Hotline: **636-3700 / 800-2882 (CTTRC)**.
- DMU email: **cttrc.reoc@gmail.com**.

Shelters (official lists)

- See the ODPM/master shelter list and CTTRC municipal posts for Couva-area shelters (schools & community centres). Shelters activate as needed.

Primary Health Facility

- **Couva Hospital and Multi-Training Facility** — Sir Solomon Hochoy Hwy, Preysal, Couva. Phone: **(868) 226-4263**.

Local historical note

- Couva/Tabaquite/Talparo RC was among regions reporting flooding and service disruption during the October 2018 heavy-rain event.

Operational guidance / evacuation

- Confirm exact shelter addresses and activation status with CTTRC DMU. Collect GPS coordinates for ingestion into your model.
-

San Fernando — AI4SIDS Flood Reference (Populated)

Municipal DMU & Contacts

- DMU Hotline: **800-SCDU (7238)** (San Fernando City Corporation)
- **Shelters (official lists)**
- San Fernando municipal shelter list (schools & community centres) — check municipal posts / RDLG shelter listings. Shelters activated as required.

Primary Health Facility

- **San Fernando General / Teaching Hospital** — Independence Avenue, San Fernando. Phone: **(868) 652-3581**.

Local historical note

- San Fernando experienced significant flooding impacts during the October 2018 rains; transport routes and low-lying areas were disrupted.

Operational guidance / evacuation

- San Fernando DMU posts usually publish which shelters open during events — validate pre-event and during activation.
-

Arima — AI4SIDS Flood Reference (Populated)

Municipal DMU & Contacts

- DMU Hotline: **800-2ABC (2222)**. DMU email: **arimadmu@gmail.com**. Landline: **(868) 646-2394 (alt)**.

Shelters (official lists)

- Arima Borough posts and RDLG pages list the designated shelters (community centres & schools). Use the ODPM/master shelter list and local Borough posts to confirm locations.

Primary Health Facility

- **Arima District Health Facility** — Queen Mary Avenue, Arima. Phone: **(868) 612-2454**.

Local historical note

- Arima and nearby communities are susceptible to flash and riverine flooding in heavy rainfall events such as October 2018.

Operational guidance / evacuation

- For mapping evacuation routes in Arima, coordinate with the Arima DMU (hotline above) and municipal police.
-

Port of Spain — AI4SIDS Flood Reference (Populated)

Municipal DMU & Contacts

- Port-of-Spain Disaster Management Unit hotline: **800-PSCC (or the Port-of-Spain City Corp contact lines shown on municipal posts)**. Confirm via Port-of-Spain City Corporation notices.

Shelters (official lists)

- Port-of-Spain DMU publishes shelter locations (community centres and schools) on municipal channels. Use ODPM/master list for consolidated reference.

Primary Health Facility

- **Port-of-Spain General Hospital** — Upper Charlotte Street, Port-of-Spain. Phone: **(868) 623-2951-6**.

Local historical note

- Urban street flooding in Port-of-Spain can occur in short, intense rainfall; Oct 2018 produced heavy impacts for low-lying and poorly drained zones.

Operational guidance / evacuation

- Port-of-Spain DMU and municipal police coordinate evacuations; collect shelter coordinates ahead of events.
-

Point Fortin — AI4SIDS Flood Reference (Populated)

Municipal DMU & Contacts

- Point Fortin Borough DMU: **hotline approx. 800-7332 / Borough landlines 648-6656 / 648-1486** (confirm via borough page). DMU contact posts exist on the Borough's social channels.

Shelters (official lists)

- Point Fortin Borough lists ~15 shelters (schools/community centres); shelters are activated as needed — check borough notices for exact locations.

Primary Health Facility

- **Point Fortin Hospital** — Corner of Techier & Point Fortin Main Road. Phone: **225-HEAL (4325) ext.14810 (or check SWRHA)**.

Local historical note

- Point Fortin sees localized flash flooding during heavy rains; validate local vulnerable streets with the Borough DMU.

Operational guidance / evacuation

- Use Point Fortin Borough DMU to confirm shelter activation & exact addresses pre-deployment.

Sangre Grande — AI4SIDS Flood Reference (Populated)

Municipal DMU & Contacts

- Sangre Grande Regional Corporation DMU: **800-SGRC (7472) / 668-1160**. Email: **dmugrc@gmail.com**

Shelters (official lists)

- Sangre Grande shelter listings are published via ODPM and municipal pages — consult the master shelter list and municipal DMU for activation details.

Primary Health Facility

- **Sangre Grande Hospital** — Ojoe Road, Sangre Grande. Phone: **(868) 226-4744 / 668-2509**.

Local historical note

- Sangre Grande was one of the worst-affected municipalities during the October 18–20, 2018 rainfall/flooding event; many businesses and homes were severely impacted and shelters were used.

Operational guidance / evacuation

- For Sangre Grande, confirm shelter activation and shelter coordinates with the SGRC DMU (hotline above) before field deployments.
